

## Pharmaceutical Analysis: Experiences in Validation of Analytical Methods and in Stability Testing of Drug Substances and products

Validation and Stability testing according to ICH and VICH guidelines.

Storage conditions according to ICH.

A
Acetylsalicylic acid
Aciclovir
Aescin
Allicin/Alliin
Allopurinol
Allyl isothiocyanate
Allylthiourea
Alprazolam
Ambroxol
Ambroxol / Doxycyclin
Amentoflavone
Aminoglutethimide
Amisulprid
Amitriptyline
Amoxicillin
Ampicillin
Amygdalin
Anastrozole
Anethol
Antastmon
Aripiprazole
Artesunate
Ascorbic acid
Atenolol
Atenolol/Chlortalidon
Atorvastatine
Azathioprine
Azithromycin

B
BHA & BHT in Amoxicillin
Bilobalide
Bisoprolol
Buflomedil
Bupropion

B
Buspiron

D
Dialk(en)ylsulfides
Diclofenac
Diltiazem
Dimenhydrinate
Dimethyl fumarate
Disulfiram
Domperidon
Dorzolamide
Doxazosin
Doxycycline
Doxycycline hyclate
Duloxetine

E
Enalapril maleate
Enrofloxacin
Erythritol
Estradiol / Norethisteron acetate
Estramustine phosphate
Ethinylestradiol / Gestodene
Ethanol 96%
Eugenol

F
Fenbendazole
Fenofibrate
Fentanyl citrate
Flavonoid
Flubendazole
Fluconazole

**AZBIOPHARM**  
Analytics from A to Z

## Pharmaceutical Analysis: Experiences in Validation of Analytical Methods and in Stability Testing of Drug Substances and products

Validation and Stability testing according to ICH and VICH guidelines.  
Storage conditions according to ICH.

F
Flunitrazepam
Fluoxetine
Fluphenazine
Flurbiprofen
Folic acid

G
Gabapentin
Galantamine
Gallopamil
Gemfibrozil
Ginkgolide
Ginseng extract
Glibenclamide

H
Haloperidol
Hydrazine
Hydrochlorothiazide
Hydromorphone
Hydroquinone
Hydroxyurea
Hypericin
Hyperoside

I
Ibuprofen (incl. Enantiomers)
Inorganic anions
Insulin
Isothiocyanate, Allyl-, Benzyl-, Phenethyl-
Isotretinoin
Isoquercitrin

I
Ivermectin

K
Kaempferol
Kawain
Ketophenylbutazone
Ketotifen

L
Lansoprazole
Levocetirizine
Levodopa and metabolites
Levomepromazine
Lisinopril
Loperamide
Loratadin
Lovastatin

M
Melperon
Meloxicam
Mephentermin
Menthol
Metamizol
Metformin
Methadone
Methimazole
Methylsalicylate
Metronidazole
Miconazole
Midazolam
Miltefosine
Mirtazapine

## Pharmaceutical Analysis: Experiences in Validation of Analytical Methods and in Stability Testing of Drug Substances and products

Validation and Stability testing according to ICH and VICH guidelines.  
Storage conditions according to ICH.

M
Montelukast
Morphinsulfate
Moxonidine

N
Naftidrofuryl
Naltrexone
Naproxen
Nicardipine
Nicergoline
Nicotinamide
Nifatenol
Nifedipine
Nimodipine
Nitrazepam
Nitrendipine
Norfloracin

O
Ofloxacin
Ouabain
Oxybutynin
Oxytetracycline

P
Paracetamol / Codeine
Paroxetin
Penethamate hydroiodide
Pentoxifylline
Phenobarbital
Phenprocoumon
Piracetam
Piroxicam

P
Plumbagin
Polymyxin B
Polymyxin E
Pravastatin
Prasterone
Prazosine
Prednisolone / Prednisolone esters
Prednisone
Pregabalin
Promethazine
Propylene glycol
Pyridoxin Hydrochloride

R
Ramipril
Resorcinol
Retinol palmitate
Rhoifolin
Riboflavin
Roxithromycin
Rutin

S
Salicylic acid
Scopoletine
Secobarbital
Selegiline
Sildenafil citrate
Sitosterol
Spironolacton
Sodium arsenite
Synutrim

## Pharmaceutical Analysis: Experiences in Validation of Analytical Methods and in Stability Testing of Drug Substances and products

Validation and Stability testing according to ICH and VICH guidelines.  
Storage conditions according to ICH.

T
Tamoxifen
Terazosin
Terbinafine
Terbutaline
Terfenadine
Tetrahydropapaverine
Tetrazepam
Thiaminchloride
Thioctic acid
Thymole
Tiamulin
Ticagrelor
Ticlopidine
Torasemide
Tolperisone
Topiramate
Tramadolol
Trazodone
Triamterene / HCT
Trimetazidine
Trimethoprim/Sulfadiazin
Trimipramin
Troxerutin
Tyolsin tartrate, -phosphate

V
Verapamil/Norverapamil (Enantiomers)
Vinyldithiine
